What is Wanganui.org?

Wanganui.org is a website, an information internet portal for our community to use and for people interested in finding out about Wanganui.

Wanganui.org is full of links to other Wanganui websites, events, news, photo gallery and so much more, all relating to our beautiful river city.

Our goal is to attract tourists and people looking to move to Wanganui while keeping the community up to date with community news and events.

The website is all about the promotion of Wanganui interests and activities, and we rely solely on the goodwill of locals to get behind what we are doing with the website. We are not affiliated with the commercial activities and content of other Wanganui websites, and receive no funding from local or national authorities - this website will continue to exist regardless of revenue, but if you're a local with something to market, you'll be happy to be seen here!

The people behind the website

Are....Shaughan & Denita Tizard from Tizard Design - Wanganui IT specialists in Web development, computer & network servicing.

Shaughan is the mastermind for the back end of the website, while Denita keeps the front looking HOT!

We have in the past few months upgraded our Wanganui website. The original website was built in 2007, and have been updating it every week since.

Shaughan and Denita have both owned and operated community businesses (Catch 22 Internet Café and the Paint Pit Gallery) and have served local customers and tourists to Wanganui and know there is a need for a website like this to expose Wanganui via the internet.
